"In Orbit with the Demons"

DEEP RIVER SCHOOL

In Appreciation

We, The Annual Staff of the '66 Demon's Diary, have chosen a sincerely dedicated teacher and friend to be our example of a dynamic, talented personality within our school faculty. This charming individual certainly contributes much to "putting many Demons in orbit." This person represents our ideal teacher.

May this annual preserve for you the warm feelings and admiration of your students. Thank you for giving so much of yourself to so many, Mrs. Joe Taylor.

Administration

"To the Graduates of the Class of 1966:

May you always recall your high school days with fondest memories, remembering particularly your high standard of achievement and citizenship. You have seen that hard clean play and hard serious work bring rewards."

"To the Undergraduates of Deep River School:

May you be in a position in a few years to look back and find the fondest of memories, high standards, and good citizenship as has the class of 1966. To you I issue a challenge: seek and strive for a better educational program that will benefit you and your community."

"May you all, never forget Deep River School—Deep River High School will never forget you."

Seniors

"A journey of a thousand miles begins with the first step."

We are leaving behind our carefree days of youth as we step into a new world of adulthood. Having faced and conquered childhood, we will always have precious memories to sustain us.

"Deep River" we salute you. We leave you hesitatingly, with tears of regret and a tinge of joy, for without your guidance and care we would be like seeds cast into the wind.

Prophecy

Well, it's been ten years since our class crossed the stage receiving that little piece of paper relieving us from our school worries—and tonight is the big reunion. As I wander around, I see many new shapes and sizes, but the faces are the same.

Ah, there is Judy Bailes. She says she's now Chief-chemist in Monster Making Research Triangle. Now, Judy, you can take off your mask.

I see now that Wayne Barber is full owner of Barber's Big Pigs, Inc.

I hear that Pam Bryant and Gloria Johnson are still unmarried but still looking while they are living happily together on their ranch at Santa Barber, California.

Oh, there are Barbara and Cynthia. Barbara is keeping books for Jimmy's sandwich business, and Cynthia is manager of Campbell's Fine Restaurant.

I learn that Dorothy Harton is now private secretary for her husband's business, Sloan's Garage.

I hear that Brooks Johnson has given up her job as history professor at Duke University to devote her full time to raising and training horses on her Texas ranch.

Listen to this! Anita Upchurch is in Washington on her assignment of redecorating the White House.

I was sorry to hear that Betty Rose could not attend tonight. Betty, head nurse at Walter Reed Hospital, is on a very important assignment which required her assistance.

Oh, there are Ronnie and Donny. Donny Crutchfield is now running a night club in the big town of Moncure. Ronnie Jackson is manager of the band at Donnie's night club.

Oh, Mike Dowdy is now the owner of the famous "Go-Go Club" in Hollywood.

Ava Rogers is now private nurse for the President's Family.

There's Paul Smith. He is now playing basketball for the world's renown Globe Trotters.

Sarah McGehee is constantly on the go keeping up with her husband who is Commanding Officer of the First Infantry Division at Fort Riley, Kansas.

Pat Sloan and Susan Kirby have both moved away. I hear that Sue is in Michigan with her husband Johnny. Pat lives in Greensboro with Snake.

Nell Riddle is now a rich old maid driving a '77 Continental.

Joyce George is now teaching at old D.R.H.S.

Well, I learn that Larry Kirby is a technical engineer at C.C.I.T.

I hear the throwing of gravel. Yes, it's Mack Parker and his new Honda. Mack is in the Honda business located at 123 Hardrock Street.

Last but far from least I see Carolyn High who is now working on a thesis to acquire her master's degree in elementary education.

Well, it was a wonderful reunion, and I hope to see the same faces again in another ten years.

The Sophomore year is one of more advanced explorations and even greater discoveries. From dissecting frogs and worms to baking cakes, the Sophomores need a strong stomach and a great hunger. Not having learned the true value of study, this class looks forward to breaks, lunch, study hall, and anything to get out of class. What do you mean by "Way Out"

This building, a center of learning in Lee County, is familiar to many students. Long hours of diligent study contribute to the struggle for the highest level of education possible.
